

## BASE BALL.

## NEWTON WON YESTERDAY'S GAME FROM HUTCHINSON IN TWELVE INNINGS.

Score 6 to 3—Another Good Game Today With Both Nines Placed to the Best Advantage.

It was not a very good-sized, but a remarkably well pleased crowd that witnessed yesterday afternoon's game at the exposition grounds in this city between the Newton and Hutchinson western league teams. There was no official score kept, but the game was comparatively free from errors and abounded in good plays, on either side. Hutchinson's put Kane in the pitcher's box with Faatz behind the bat. Newton tried Pender, the regular second baseman, in the regular box and supported with Pranter behind the bat. From the record made throughout his game yesterday, Newton was justified in giving Pender a good opportunity to practice up in pitching with every prospect of success. He performed the rather remarkable feat of striking out three men in an eleven inning game.

**THE GAME.**  
The Newtons went to the bat, but soon took the field with a goose egg. Hutchinson led off for Burns. Burns hit the ball but was fouled out at first by shortstop. Faatz hit safe. Dugan followed with another hit and sent Faatz to second. Curran got in one more safe, hit and filled the bases, with only one man out. Things looked like a run or two, but Pender struck out White, while Alton hit straight to first and retired the side, leaving the bases full.

Everything went like clock work, 2000 eggs on either side, until the last half of the fifth, when Hutchinson got in the first run of the game. Eichmeyer hit safely and reached second on Kane's sacrifice hit. McNabb, in right field, made a sacrifice catch of Burns' fly ball, but in trying to double Eichmeyer up at second, threw wild, and the ball rolling under the fence, he went home on the play.

6th for Hutchinson—Dugan was fielded out at first by Pender. Curran hit a little ball to infield. Pitcher, short and third all got after it, but none touched it. White hit safe to right. Both he and Curran ran on in the wild throwing. Allison dropped a ball into center field, but no one was there. But starting to make two bags was caught at second. Raftery hit safe to first and got to second on a passed ball. Eichmeyer struck out.

7th for Newton—Pender was thrown out by Dugan. McNabb got to first on a ball misjudged by Raftery, and stole second. Blanchard fouled out. Bailey fouled out, leaving McNabb on third.

8th for Hutchinson—Pender stopped a hot one from Kane's bat and put him out at first. Burns made a hit and was doubled up on Faatz' fly to Chouquette.

In Newton's eighth Chouquette hit safe to left and went to third on the ball being lost in the weeds. He then came home on a wild ball by Allison. Howard fouled out to shortstop. Conboy was hit by the ball and took first. Adams hit to right for three bases and Conboy scored. This was a beauty. Pranter hit to short. Adams was on third and started home, and although he was between two fires for awhile, succeeded in slipping to the plate. Faatz muffed the ball, tossed by Burns. Pranter reached second on the play. Pender flew out to Dugan, who doubled up Pranter at second, and the score was tied. In Hutchinson's half Dugan made a hot hit to Howard but got out trying to steal second. Curran was fielded out at first by Howard. White fouled out. Newton got nothing in the ninth. Blanchard fouled out on a circus catch by Dugan. Bailey hit to third and was thrown out at first. Ninth for Hutchinson. Allison hit to second and was thrown out at first. Raftery struck out. Eichmeyer hit to the plate but it was a foul. He then struck out and the game ran into a ten inning game, with prospects for more than that many.

In the tenth Newton, on a sacrifice hit to left, got out. Howard hit to left but Chouquette got out trying to reach third. Conboy hit to short forcing Howard out at second. Adams hit to center for a base and sent Conboy to second. Pranter hit the second and forced Adams out at the base.

For Hutchinson's half of the 10th Kane hit to short and was thrown out at first. Burns struck out. Faatz fouled out. Pender on a splendid running catch.

In the 11th for Newton, Pender flew out to 3d. McNabb fouled out. Blanchard was thrown out at first by 3d. For Hutchinson's Dugan fanned out. Curran did the same and White could not touch the ball, giving Pender a record striking out three men in the eleventh inning.

On Newton's 12th Bailey got to first on a hot hit ball, which Raftery failed to field quickly enough. He went to second on a passed ball. Chouquette was thrown out at first by Kane. Bailey reaching third on the play. Howard hit a long fly over left center, getting two bases, bringing in Bailey. Conboy fouled out. Adams hit safe to center and brought in Howard, and reached second on the throw home from center. Pranter got a hit to left and brought in Adams. Pender hit to second forcing Pranter out on the line. Hutchinson in the 13th opened with Allison, who flew out to right field. Raftery went from third to first. Eichmeyer hit the ball but he was fouled and got to first. Kane flew out to Blanchard in center, leaving Eichmeyer on second.

Following is the score by innings:  
1 2 3 4 5 6 7 8 9 10 11 12—T  
Newton.....0 0 0 0 0 0 0 0 0 0 3 6  
Hutchinson.....0 0 1 2 0 0 0 0 0 0 0 0

Game will be called today at 4 p. m., and the crack batteries will be put in.

**THE WICHITA-KANSAS MINING COMPANY.**  
A meeting of the stockholders of the above company was held at the company's offices, room 207 Sedgewick building, on Friday last for the purpose of amending their charter and increasing the capital stock from \$500,000 to \$1,000,000. The by-laws of the company were also revised, and other business of an important character was transacted, including the election of Mr. L. V. Harkness to the office of vice president, vice Mr. H. D. Heismann, resigned. The officers of the company are now as follows, viz:

President—Mr. W. S. Reece, of Reece, president of the Kansas City and Panhandle railroad.

Vice-president—Mr. L. V. Harkness, of the firm of Harkness & Morris, bankers, Kansas City.

Treasurer—Mr. William Mathewson, of Wichita.

Secretary—Mr. George E. Harris, of Wichita.

Geologist and general manager—Prof. J. P. Woodhewer.

This strong and enterprising company is now fully organized and will vigorously push forward with the work of prospecting and developing the lands owned and leased by them, which include upwards of 50,000 acres, within a radius of 100 miles from Wichita, of the richest coal-bearing and mineral lands in the state. The first diamond drill was started at Peabody on Monday last, and tomorrow Captain Harris and Professor Woodhewer leave the city for the purpose of prospecting developments at other points and of negotiating for leases on other lands in desirable localities. Drills will be kept at work continuously, and there is every promise that, within a short time, the Wichita-Kansas Mining company will be supplying the city with good coal at a low price.

**BROKEN BUGGY.**  
A. A. Van Lee, a hack driver, was last evening arrested by Officer Dennis for breaking a buggy wheel on East Douglas. In the crowded street last evening he ran into the buggy in which was a lady driving, and it was thus that the wheel was broken. Van Lee claims the occurrence was entirely an accident and that it was impossible for him to have prevented it. Upon this explanation as well as upon his promise to make good damages done, he was released.

**FOR MISREPRESENTATION.**  
Yesterday afternoon Officer Ebenhack made the arrest of a young man, going by the name of McCallan Dennis and brought him down to the police station.

For several days past the officer has been notified that some one has been going around to the joint men and collecting sums of money from them by representing himself to be an officer. Yesterday he got \$30 from one man and tried to get \$25 from another. He then came home on foot, walking down the street yesterday he was seen by one of his victims. Ebenhack was notified and his arrest made. The \$3 which he had obtained through misrepresentation was returned to the person from whom it was secured.

He will answer to the city for representing himself to be an officer, and to the county for fraud and obtaining money under false pretenses. On account of the absence of witnesses his hearing could not be had yesterday afternoon and he was sent to the cooler to remain until Wednesday.

**ARRESTED FOR BURGLARY.**  
Yesterday shortly after noon a man was brought to the city and confined in the jail who had been captured the night before at Carrollton's south on the Santa Fe. For some time there had been going on a series of burglaries, but no one seemed to be able to find the person by whom they were committed. Friday night Mr. Carrollton thought he heard some one in his house and immediately gave the alarm; the people were all aroused and the burglar was caught without much trouble. He had entrance to a rear room of the house by breaking a window and his means of exit being cut off by the persons aroused he was soon in custody.

In his possession was found a quantity of goods taken from another house in the neighborhood.

When taken to jail he gave the name of Charles Wilson, but refused to say anything about himself.

# GRAND CLEARING SALE.

## POPULAR BOSTON STORE

Inaugurates their great semi-annual clearance sale

## MONDAY MORN, JULY 2nd.

Many Thousands of Dollars worth of goods have been reduced away below our usual low selling mark. All summer goods must be closed out. Each and every article reduced continues at that price until the entire lot is closed. Now is your chance to buy good seasonable goods at a sacrifice.

Tickets on sale 123 North Main st. and Union depot.

38-3 Passenger and Ticket Agent.

**A Letter From One of the Teachers.**  
The following letter was received by the ticket agent of the Missouri Pacific railway from one of the former teachers of Wichita:

ROSENBERG CITY, ORE., June 19, 1888.  
Ticket Agent, Missouri Pacific Railway, Wichita.

DEAR SIR—I want to say to you that my trip via Missouri Pacific and Denver & Rio Grande to the Lake Tahoe excursion was a most delightful one. Any one anticipating a trip to the coast should not fail to take this route, and you may say to the teachers who are going to San Francisco next month, for me, that they must not fail to take this route. They can not afford to miss the almost continuous scenery on this route to the coast. At the Pacific coast, one hundred miles east of Portland, I took a steamer down the Columbia river, the scenery being very grand indeed. At the junction of the Columbia and Willamette rivers, we were five miles from the coast, the lowest of which is over 14,000 feet—Mt. Hood, Adams, St. Helens, Rainier or Tacoma, and one other, whose tops are continually covered with snow. Like this country very much. I have been through Idaho and Washington territories and up as far as Victoria, B. C. Hoping to meet many of the Wichita and Kansas teachers at San Francisco next month, I am, very respectfully yours,

J. D. CALDWELL.

It is the time to buy coals. You can get them at Zephyr mills. They are cheaper than gasolene. HAWES, HEINZ & CO., 438 St.

**Think of It.**
